--------------------------	---

**Objectives of the curricular unit and competences to be developed**

The PROJECT on International Business should focus on the deepening of knowledge acquired throughout the course and may be translated into applied studies or internationalization project.

**Syllabus**

1. Development, between the teacher and student, of a proposal containing the planning of the collection of information by the student;
2. Development of the proposal or project of the work;
3. Carrying out the work and delivering the report to the teacher.
