Resumo (objetivos, atividades e resultados esperados) - em PT e/ou EN:	<p>The mission of ACE2-EU is to provide our students, staff, researchers, and external stakeholders; through the establishment of our Inter-University European University Campus; with the knowledge, skills, and competencies to collectively address future challenges; including the twin digital and green transitions and current socio-economic issues; thereby delivering sustainable societal transformation today for the benefit of all our stakeholders and society overall both within our alliance and across the EU.</p> <p>To achieve this mission the members of ACE2-EU will take an Applied, Connected, Entrepreneurial and</p>

	<p>Engaged approach with stakeholders in the creation of joint initiatives and activities. The members of the alliance will mobilise all mission areas of their universities and will jointly develop and deliver education, research, innovation, and service to society learning opportunities and activities in partnership with external stakeholders from business, industry, regional government, and society. Our joint learning opportunities and activities will focus on addressing future challenges, including the twin digital and green transitions and current socio-economic issues.</p> <p>ACE2-EU will deliver on its mission by applying, active, challenge & real world, work-based learning, and entrepreneurial approaches in the development of its joint education, research, innovation, and service to society activities through collaboration with external stakeholders. By applying an active learning approach at the core of our joint activities' students will automatically be involved in the co-creation of knowledge thereby improving their professional and personal development capacity.</p> <p>The learning opportunities and activities to be created will be flexible and innovative in nature, will use the most up to date pedagogical approaches; and take advantage of the most modern processes, policies, theories, and technologies available in the working world. The activities and learning opportunities will be created by multi-disciplinary knowledge-creating teams using a challenge-based approach made up of students, academic staff, researchers, and external stakeholders.</p> <p>This mission to be delivered by our European University will have at its core a common vision and shared values, an inclusive student-centred joint governance and management structure, a shared pool of resources; including shared staff and joint operational units and support systems; and will ultimately seek to achieve legal status.</p> <p>In implementing its mission ACE2-EU will foster at its core existing European Union principles, values and objectives including multiculturalism and multilingualism thereby strengthening European identity across our European University.</p> <p>The diagram below provides a visual representation ACE2-EU including its joint shared operational units and their associated learning opportunities and initiatives designed to mobilise the collective strengths of ACE2-EU members in the four University mission areas of education, research, innovation, and service to society. The initiatives to be delivered by the alliance will not only address future challenges and deliver on sustainable societal transformation, but will also promote mobility opportunities, multiculturalism, multilingualism, EU values and EU identity across our European University.</p>
